UI – UX Designer

SUMMARY

I am a Result-driven UI-UX Designer competent at creating user-friendly interfaces with an easily navigable design. As a UI – UX designer I translate high-level requirements into necessary interaction flows and artifacts. Specialize in creating clean, artful designs that are both intuitive and functional.

I am a creative team member with strong logic skills and the ability to work in a dynamic, challenging, and consultative environment. I have strong communication skill which helps me to develop and confidently deliver polished presentations to customers and internal teams.
